

Part 1

Book of Revelation Overview

Foundational Concept: Contrary to popular Christian belief, the Book of Revelation (BOR) is not an oddity, a mystery, a book out of time, out of step nor out of alignment with the rest of the Bible; rather it is a logical and spiritual unfolding of God's plans, leading to the ultimate completion of God's themes which He started in Genesis and which are the fabric that binds the entire Bible together into a cohesive whole so that God can bring His obedient people into the fullness of the redemption purchased for them by Jesus Christ, His Son.
